

# Refrigerators

Managing, Cold Chain Efficiently...

**PHARMACY | BLOOD BANK | CLINICAL**  
**The First Professional Medical-grade Refrigerators**

## What is a professional medical-grade refrigerator?

Professional medical-grade refrigerators are designed with the unique needs of the healthcare environment in mind. Only professional medical-grade refrigerators deliver optimized control in three important areas...

### Temperature Management

To safeguard patient samples and ensure medications remain efficacious.

### Noise management

To provide a more comfortable environment for patients and a more productive workplace for staff.

### Energy management

to reduce operating costs and support sustainability initiatives.
