

Biomedical Waste Transport Trolley

LuxMed[®] Biomedical Waste Transport Trolley (LM-BMWT-400) is a enhances infection control, and improves operational efficiency.

Manufactured from high-quality SS304 stainless steel, the trolley features multiple color-coded waste bins, lockable caster wheels, and ergonomic handling systems. It is ideal for hospitals, laboratories, diagnostic centers, pharmaceutical industries, and research facilities where hygienic waste disposal is critical.

Key Features

- **Color-Coded Waste Segregation**
 - I. Separate compartments for red, yellow, blue waste categories
 - II. Ensures compliance with Biomedical Waste Management Rules
 - III. Prevents mixing of hazardous and non-hazardous waste
- **Premium Stainless-Steel Construction**
 - I. Manufactured from SS304/SS316 stainless steel
 - II. Corrosion-resistant and rust-proof design
 - III. Suitable for intensive daily sanitization
- **Spill-Proof & Secure Transport**
 - I. Tight-fitting lids prevent leakage and odor escape
 - II. Safe transportation of infectious waste
 - III. Minimizes accidental exposure
- **Heavy-Duty Mobility**
 - I. Smooth rolling non-marking castor wheels
 - II. 360° maneuverability
 - III. Two lockable brakes for enhanced stability
- **Hygienic & Easy-to-Clean Design**
 - I. Smooth surfaces with rounded corners
 - II. Prevents bacterial accumulation
 - III. Easy disinfection and maintenance

Biomedical Waste Transport Trolley

Technical Specifications

Specification	Details
Model Number	LM-BMWT-400
Product Type	Biomedical Waste Transport Trolley
Material	SS304 / SS316 Stainless Steel
Number of Compartments	3 Compartments
Bin Colors	Red, Yellow, Blue
Bin Capacity	30-40 Liters Each (Approx.)
Wheel Size	100 mm – 125 mm Castor Wheels
Wheel Type	Heavy Duty Non-Rusting Castors
Brake System	Two Lockable Wheels
Surface Finish	Satin / Matt Finish
Corrosion Resistance	High
Handle Type	SS Handle
Cleaning Compatibility	Hospital Grade Disinfectants
Application	Hospitals, Clinics, Labs, Pharma Facilities
Compliance	Biomedical Waste Management Guidelines
