

Autoclave and Steam Sterilizer Controllers

Steam Sterilizer / Autoclave  
Controller, Model : **Solo**

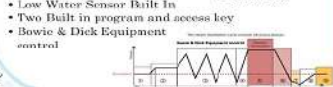

- Display: Temperature and Humidity Safe - Functional Numeric Display (FND)
- Control : ON/OFF / T.P.
- Input : PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Post Sterilization-Drying Time : User Settable
- Pressure Display : Pro-Enable (Without Transmitter)
- Buzzer : High / Low Alarm / Process End
- Low Water Sensor Built In
- Two Built in program and access key
- Bowie & Dick Equipment control

**Solenoid Valve  
Control 2 & 3 Nos.**

Steam Sterilizer / Autoclave  
Controller, Model : **Budget**

- Display: Temperature and Humidity Safe - Functional Numeric Display (FND)
- Control : ON/OFF / T.P.
- Input : PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Post Sterilization-Drying Time : User Settable
- Buzzer : High / Low Alarm / Process End
- Low Water Sensor Built In
- Two Built in program and access key
- Bowie & Dick Equipment control

Autoclave / Steam Sterilizer  
Controller, Model : **Eco Super**

- Display: Jumbo LCD 20x4
- Control: ON/OFF / T.P.
- Input: PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Buzzer: High / Low Alarm/Process End
- Pressure Display : Pre-Enable (Without Transmitter)
- Low Water Sensor Built In
- Two Built in Program and Access Key
- Bowie & Dick Equipment Control

Steam Sterilizer  
Controller, Model : **Grand**

- Display: Jumbo LCD 20x4
- Control: ON/OFF / T.P.
- Input: PT-100 for Boiler and chamber, Pressure Sensor for chamber
- Purging Range : User Settable
- Sterilization Time : User Settable
- Post Sterilization-Drying Time : User Settable
- Inlet for HEPA Filter
- Boiler Control: User Settable
- Buzzer: High / Low Alarm/Process End
- Pressure Display with Transmitter
- Sterilization cycle process inbuilt
- Low Water Sensor Built In
- Two Built in program and access key
- Bowie & Dick Equipment control
- Vacuum Pump Control

Steam Sterilizer Controller  
Model : **Eco**

- Display: Jumbo LCD 20x4
- Control : ON/OFF / T.P.
- Input : PT-100 for chamber
- Pressure Display : Calculated chamber
- Purging Range : User Changeable
- Sterilization Time : User Changeable
- Drying Time : User Changeable
- Boiler Control : User Changeable
- Buzzer : High / Low Alarm/Process End
- Sterilization cycle process inbuilt
- Low Water Sensor Built In
- Two Built in program and access key
- Bowie & Dick Equipment control

**Solenoid Valve  
Control 3 & 4 Nos.**

Table Top Autoclave

- Display: Jumbo LCD 20x4
- Control: ON/OFF / T.P.
- Input: PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Buzzer: High / Low Alarm/Process End
- Pressure Display : Pre-Enable (Without Transmitter)
- Low Water Sensor Built In
- Two Built in Program and Access Key
- Bowie & Dick Equipment Control

Autoclave and Steam Sterilizer Controllers

Steam Sterilizer / Autoclave  
Controller, Model : **FND Jumbo**

- Display: Temperature and Humidity Safe - Functional Numeric Display (FND)
- Control : ON/OFF / T.P.
- Input : PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Post Sterilization-Drying Time : User Settable
- Buzzer : High/Low Alarm/Process End
- Low Water Sensor Built In
- Two Built in program and access key
- Bowie & Dick Equipment control

Cleaning and Disinfection  
Machine Controller

- Display: Jumbo LCD 20x4
- Control: ON/OFF / T.P.
- Input: PT-100
- Purging Range : User Settable
- Sterilization Time : User Settable
- Buzzer: High / Low Alarm/Process End
- Pressure Display : Pre-Enable (Without Transmitter)
- Low Water Sensor Built In
- Two Built in Program and Access Key
- Bowie & Dick Equipment Control
